8 March 1958

MEMORANDUM FOR: Project Intelligence Officer

SUBJECT : Identification of Specific Target for ICBM
Launch Site Search

REFERENCE : SC-01568/58, 5 March 1958

The Ad Hoc Requirements Committee on 7 March 1958 considered the proposal set forth in the referenced memorandum which deals with the above subject. It was agreed that the Ad Hoc Requirements Committee should advise the Project that the target identified herein is of high priority and in so far as it was operationally feasible to explore the rail line for possible mobile launch of missiles in weather area XB. This target should be given primary attention. 25X1A9a

(The referenced memorandum prepared by [REDACTED] will be disseminated directly by him to the members. I understand you are already in receipt of a copy of this paper.)
